14.20-14.40	Awaiting authors response #213	
14.40-15.00	Healthcare professionals understanding of humanisation when women are classified as high risk in pregnancy and/or childbirth in high-income countries: A mixed-methods systematic review	
B	Models of care	Small stage
13.20-13.40	First annual report of Belgian autonomous midwives 2020: Midwifery-led continuity care - a safe care model during childbirth	
13.40-14.00	Awaiting authors response #109	
14.00-14.20	'A perfect fit' - Swedish midwives' interest in continuity models of midwifery care	

# MONDAY 12 SEPTEMBER 2022

TIME	TOPIC	ROOM
14.20-14.40	Access to alternative birth models in contemporary Ireland: Women's experiences of constraint and inconsistency	
14.40-15.00	Awaiting authors response #39	
C	Waterbirth	Open stage
13.20-13.40	A systematic review and meta-analysis to examine intrapartum interventions and neonatal outcomes following immersion in water	
13.40-14.00	Awaiting authors response	
14.00-14.20	UK practice guidance about admission criteria for the use of water immersion during labour: A nationwide review of local NHS guidelines	
14.20-14.40	Using secondary analysis to investigate factors associated with physiological birth for women who labor in water	
14.40-15.00	Supporting women's choice for waterbirth and hydrotherapy services during pre pandemic and covid-19 pandemic in a tertiary hospital in South India	
15.00-15.30	Break, Poster tour, Exhibition	Foyer
15.30-16.10	Keynote speaker Ole Olsen, Associate Professor, University of Copenhagen, Denmark <i>Homebirth – Evidence and Emotions</i>	Large stage
16.10-16.40	Keynote speaker Saraswathi Vedam, Professor, University of British Columbia, Canada <i>Whose Agenda and Whose Destiny?</i>	Large stage
16.40-17.00	Leaving the Concert Hall	
17.30-18.30	Welcome reception (across the street)	Aarhus City Hall

## Work-shop 13-15

Diagnosing perineal trauma by GynZone

Upright Breech Birth by ObstetriWise

# TUESDAY 13 SEPTEMBER 2022

TIME	TOPIC	ROOM
08.00-08.20	Arrival	
08.20-09.00	Keynote speaker Gene Declercq, Professor, Boston University, USA If maternal mortality is the tip of the iceberg in women's health inequities, what's beneath the surface	Large stage
09.00-09.40	Keynote speaker Kirsten Small, Obstetrician, Griffith University, Australia Challenging entrenched belief – rethinking fetal monitoring in labour	Large stage
09.40-10.00	Break, Poster tour, Exhibition	
10.00-11.40	Concurrent Session D, E, F	
D	Fetal monitoring & Human Rights	Large stage
10.00-10.20	Practice, skills and experience with the pinard stethoscope for intrapartum foetal monitoring	
10.20-10.40	Improving intermittent auscultation: launch of a national study using experience-based co-design	
10.40-11.00	Intrapartum fetal monitoring practices in Norway - a population study	
11.00-11.20	Exploring the overuse of Cardiotocography (CTG) in normal birth from an actor-network theory (ANT) approach	
11.20-11.40	The wicked complexity of human rights in UK maternity services	

# TUESDAY 13 SEPTEMBER 2022

TIME	TOPIC	ROOM
E	Working Conditions	Small stage
10.00-10.20	Professional courage to maintain a meaningful work in a trained context	
10.20-10.40	Awaiting author response #187	
10.40-11.00	A systematic rapid literature review to explore levels of midwifery practice beyond the point of registration and their outcomes	
11.00-11.20	Maternity care providers' experiences of work-related traumatic events (MATES): An International survey	
11.20-11.40	The Buddy Study - Evaluation of peer support program for midwives and doctors after adverse events	
F	Clinical Learning	Open stage
10.00-10.20	The Importance of Consistency in Clinical Learning	
10.20-10.40	Awaiting authors response #125	
10.40-11.00	Safe childbirth project in Gaza, Palestine	
11.00-11.20	Awaiting authors response #47	
11.20-11.40	Conversational health literacy assessment tool specified for maternal care	
11.40-13.00	Lunch, Poster tour, Exhibition	Foyer

## Work-shop 10-12

Suturing of 1st degree perineal trauma by GynZone

Quality Maternal and Newborn Care by Professor Holly Kennedy

# TUESDAY 13 SEPTEMBER 2022 (CONTINUED)

TIME	TOPIC	ROOM
13.00-14.40	Concurrent Session G, H, I	
G	Induction of Labour	Large stage
13.00-13.20	Practice variation in induction of labour in the Netherlands: The VALID project	
13.20-13.40	The management of term prelabour rupture of membranes, a pilot RTC study	
13.40-14.00	UK Women's experiences of expressing non-normative choice in a complex and fearful maternity system: Requests, Resistance and the Rhetoric of Choice	
14.00-14.20	Racial and Ethnic Disparities in use of Term Labor Induction in Low-Risk Women	
14.20-14.40	Routine induction in late-term pregnancies: follow-up of Danish induction of labour paradigm	
H	Labour Duration and Mode of Birth	Small stage
13.00-13.20	Pre-gravid obesity and cesarean: A propensity-score matched analysis of 59,800 community and hospital births in the United States	
13.20-13.40	Fear of birth, knowledge confidence and preference for cesarean section among Polish women	
13.40-14.00	Experiencing pregnancy and birth after cesarean in the United States: A narrative analysis	
14.00-14.20	Labour duration and risk of adverse neonatal outcome	
14.20-14.40	Mode of delivery and birth outcomes in relation to the duration of passive second stage of labour in nulliparous women: a retrospective cohort study	

# TUESDAY 13 SEPTEMBER 2022 (CONTINUED)

TIME	TOPIC	ROOM
I	Birth and Post-Partum Experience	Open stage
13.00-13.20	The 9 stages of Instinctive Behaviors for Premature Infants	
13.20-13.40	Caring for families in vulnerable positions during pregnancy and the postnatal period: Key findings from an ethnographic study in Denmark	
13.40-14.00	Developing a woman-centred, inclusive definition of traumatic childbirth experiences	
14.00-14.20	Expectant parents' emotions during pregnancy: longitudinal dyadic analysis of the Swedish Pregnancy Panel	
14.20-14.40	Socioeconomic factors and women´s overall labour and birth experience: a survey study	
14.40-15.20	Break, Poster tour, Exhibition	Foyer
15.20-15.40	Sponsored talk by Maternity Foundation <i>How to use digital health tools to empower skilled birth attendants supporting normal labour and birth in low and middle income countries</i>	Large stage
15.40-16.10	Keynote speaker Kamilla G. Nielsen, Obstetrician, Hospital of Southern Denmark <i>Cesarean Section on the rise</i>	Large stage
16.10-16.50	Keynote speaker Hannah G. Dahlen <i>Is Relationship based care protective for mothers and babies during challenging times?</i>	Large Stage
18.00-23.00	Social Dinner (located close to The Central Station)	Centralværkstedet

## Work-shop 13-15

Suturing of 2<sup>nd</sup> degree perineal trauma by GynZone

# WEDNESDAY 14 SEPTEMBER 2022

TIME	TOPIC	ROOM
08.00-08.20	Arrival	Foyer
08.20-09.00	Keynote speaker Trine Munk-Olsen Professor, University of Southern Denmark <i>The Right Treatment at the Right Time</i>	Large stage
09.00-09.40	Keynote speaker Malin Edqvist, Senior researcher, Karolinska Institutet, Sweden <i>Panopticon or Professional Partner? Why two midwives in late second stage can reduce perineal trauma</i>	Large Stage
09.40-10.00	Break, Poster tour, Exhibition	Foyer
10.00-11.40	Concurrent Session J, K, L	
J	Midwifery and Competencies	Large stage
10.00-10.20	100 years of ICM, a history of uncertainty and progress! Franka Cadée	
10.20-10-40	Abdominal examination during pregnancy may enhance relationships between midwife, mother and child: A qualitative study of pregnant women's experiences	
10.40-11.00	Exploring what midwives do when they do not seem to be doing much	
11.00-11.20	Influence of midwives' attitude, knowledge, and skills on the appropriate use of childbirth interventions: a qualitative study among 20 midwives in the Netherlands	
11.20-11.40	Expectations to the upcoming birth – a survey of women's self-efficacy and birth positions	

# WEDNESDAY 14 SEPTEMBER 2022

TIME	TOPIC	ROOM
K	Vulnerable life situations in labour, birth, and parenthood	Small stage
10.00-10.20	Defining vulnerability subgroups among pregnant women using pre-pregnancy information: a latent class analysis	
10.20-10.40	"That's a task which takes time": A realist evaluation of how context affect midwives' perception of time in a Danish antenatal psycho-social screening program	
10.40-11.00	"I stay to myself": Perspectives of racial residential segregation, neighborhood disorder, and preterm birth among pregnancy, Black women in the United States	
11.00-11.20	'We'll look after you, we'll try to sort this mess out for you': Asylum-seeking and refugee women's experiences of social support during the perinatal period: A qualitative study in the North of England	
11.20-11.40	Awaiting authors response #143	
L	Birth center and physiologic birth	Open stage
10.00-10.20	Confidence for physiologic birth in the US Birth Center Model og Prenatal Care: Midwives' and women's perspectives	
10.20-10.40	An ethnography of a birth center i Northern Uganda: A demonstration of high quality and integrated care	
10.40-11.00	Awaiting authors response # 179	
11.00-11.20	Learning birth centre birth: Insights from experienced midwives in free-standing birth centres	
11.20-11.40	#9	
11.40-13.00	Lunch, Poster tour, Exhibition	Foyer

## Work-shop 10-12

How to perform and repair a mediolateral episiotomy by GynZone

Upright Breech Birth by ObstetriWise

# WEDNESDAY 14 SEPTEMBER 2022 (CONTINUED)

TIME	TOPIC	ROOM
13.00-14.40	Concurrent Session M, N, O	
M	Physiological labour, Birth mode, and Safety	Large stage
13.00-13.20	Un-complicated deliveries in Iceland in the years 1999-2018	
13.20-13.40	Maternal characteristics associated with labor dystocia in nulliparous women. A systematic review	
13.40-14.00	How does mode of birth in the first birth impact on subsequent births? A 16 year population based linked data study	
14.00-14.20	Overall childbirth experience: what does it mean? A comparison between an overall birth experience rating and the Childbirth Experience Questionnaire 2 (CEQ2)	
14.20-14.40	How is quality of care conceptualised in maternity units? A meta-narrative review	
N	Communication and Women-Centered Care	Small stage
13.00-13.20	Exploring the experiences of pregnant women and new mothers in Cyprus in terms of the informational support, internet use and participation in decision making	
13.20-13.40	Respectful maternity care and women's autonomy in decision making in Iceland: Application of scale instruments in a cross-sectional survey	
13.40-14.00	The case of surrogate decision making in India for women competent to consent, choose and decide during childbirth	
14.00-14.20	New pathways towards a positive experience in childbirth?	
14.20-14.40	Organising public voices in support of maternity transformation: When research evidence, maternity policy, implementation tools and planning is not enough	

# WEDNESDAY 14 SEPTEMBER 2022 (CONTINUED)

TIME	TOPIC	ROOM
	○ Homebirth and remote birth	
13.00-13.20	Skills and knowledge of midwives at home births and free-standing birth centres: A meta-ethnography	Open stage
13.20-13.40	More home births during the COVID-19 pandemic in the Netherlands	
13.40-14.00	"Forced into homebirth": Experience of decision-making for vaginal breech birth in the United States	
14.00-14.20	Giving birth in rural Arctic Greenland - results from an Eastern Greenlandic birth cohort	
14.20-14.40	Innovative approaches to improving birth outcomes through the revitalization of Indigenous birth work in Canada	
14.40-15.10	Break, Poster tour, Exhibition	Foyer
15.10-15.50	Closing session including poster award from Elsevier	Large stage
15.50-16.00	NLNB23	Large stage
16.00-16.10	NLNB24	Large stage
16.10-16.30	Closing remarks	Large stage

## Work-shop 13-15

Pudendal block and pain relief during postpartum repair by GynZone

Critical reading of two induction of labour studies by Midwife, PhD Eva Rydahl
